Welcome to the Bristol Post-16 Directory

I am delighted to welcome you to the Bristol Post-16 directory which brings together all the details of the schools, colleges and training providers within Bristol Local Authority. The directory also highlights where to go for more advice and support about your next steps following Year 11.

There are a wide range of opportunities and pathways available to you so you can make informed decisions about your future. We hope the directory will provide you with the information you need to choose the best way forward with confidence and make decisions about the post-16 option that best meets your needs and your ambitions for the future.

This directory is a snapshot of what is available at this time. Post-16 is a fast-moving sector and so other exciting opportunities are likely to appear during the year.

I wish you every success for your studies this year and in making your choices for the future.

Richard Hanks

Staying in Education and Training after Year 11

Do I have to stay on at school?

All young people are required to stay in education or training until the end of the academic year of their 18th birthday. This is so that every young person gains the right knowledge and skills to move on to a successful career.

What are my options?

You can choose from full-time education at school or college, an Apprenticeship, a Traineeship, full-time work or volunteering (which is defined as 20 hours or more a week) combined with part-time education or training.

Getting support

If you are still at school, you should meet with your careers advisor who will provide you with independent advice and guidance about all the post-16 options in your area. You should also speak to your tutors and other staff in school who know you well. They will advise you about the options that match with your interests and abilities.

You can also contact:

- A qualified careers advisor at the National Careers Service on **0800 100 900** or webchat on-line for impartial advice and support tailored to your needs at nationalcareersservice.direct.gov.uk

Or look on:

- 'Careerpilot' is a great source of local information and advice at: careerpilot.org.uk

If you have special educational needs or receive additional support at school then you should also speak to your school's special educational needs co-ordinator, who will advise you about your next steps. Before you make a decision about your next step here are some questions to ask yourself:

- What am I good at?
- How well do I expect to do in Year 11?
- What are my interests?
- What skills do I have?
- What do I like doing?

When considering a particular qualification or programme to follow next year, ask yourself:

What is it?

- What is the qualification (e.g. A Level, GCSE, BTEC)?
- Is it at the right level for me?

What is the subject?

- Will it help me do the things I want to do in the future?
- What is the progression from this qualification (e.g. is there something similar available at the next level)?
- Is it something that I enjoy and I'm good at?
- Am I prepared to put in the hard work to get a good Grade?
- What will the subject actually cover?

How will I learn?

- Will there be lots of practical sessions, hands-on work, essays?
- Will my learning be assessed through exams, portfolio or on the job?

Where will I learn?

- In a classroom, in a lab, in the workplace?
- At a school sixth form, at a sixth form college, at a further education college, with a work-based training provider?

Why should I study for this qualification?

- Does it fit with my other choices and complement them?
- Will this course help me to develop skills for the future?

Am I eligible?

- Do I need particular qualifications to be allowed to study at a particular institution?
- Am I likely to achieve the right Grades to get on to the course?

Apprenticeships and Traineeships

With an apprenticeship you can enter employment and start building a career from the age of 16. As an apprentice you will work for an employer, earning a wage and developing job specific skills. Most of the training is delivered in the workplace and you will also be supported by a specialist learning provider to study towards a nationally recognised qualification. This could be with a training provider or a college. Find out more at www.gov.uk/apply-apprenticeship or visit www.amazingapprenticeships.com for impartial and independent advice on

this and much more, including our live apprenticeship vacancies map.

A Traineeship is an education and training programme with work experience. It provides the essential work preparation training English, Maths and a work experience placement needed to move on to secure an apprenticeship or employment.

Education and Training

The pathway you choose will be based on the following:

- What GCSE Grades you achieve
- How you like to learn
- What you want to do in the future (remember you are likely to change jobs many times in your working life).

Remember that if you do not get a Grade 4 in Maths and/or English GCSE in the summer you will need to continue studying until you get the equivalent of a Grade 4 in these subjects. This option will be available to you at your school, college or training provider so please ask them for information.

Qualifications Guide - Post 16 options

A Levels

Qualification level: 3 - Assessment methods: exams

What is it? A Levels are two year courses with little coursework or practical assessments followed by an exam. It's for you if... A Levels are a popular way to get the qualifications required for university, although you can just take them on their own without progressing to university.

They're for you if you get on well with both classroom learning and independent study, and if you enjoy a more academic style of learning.

Apprenticeships

Qualification level: 2-5 - Assessment methods: at the end of your training

What is it? It's helpful to think of an apprenticeship as a job, rather than a study programme. You get hired by an employer for a particular role – like hairdresser, veterinary nurse or accountant – and you study while you get paid to do the job. The various levels of apprenticeship is the equivalent to GCSE's (Level 2), A levels (Level 3) and foundation degree (Level 4).

It's for you if... You know what you want to do for a living, you want to work, and you want to get nationally recognised qualifications while you're at it. Apprentices learn by doing the job, so if you prefer a hands-on approach, it could be ideal for you.

Vocational BTEC qualifications

Qualification level: 1-5 - Assessment methods: written or activity-based assignments

What is it? BTECs are work-focused qualifications that look at the areas of knowledge and skills you might need for a particular sector or industry. You can take them on their own, or alongside other qualifications like apprenticeships and A Levels. You can also choose BTEC Higher National Certificates or Diplomas - sometimes called HNCs or HNDs - which are the equivalent of the first and second years of a degree respectively. These can then be topped up to a full degree with additional study.

It's for you if... You know what sector you would like to work in and you learn better in a hands-on, vocational environment. Or perhaps you'd like a course that gives you some of the academic theory while also preparing you for the workplace. BTECs are increasingly popular for getting into uni. One in four students takes the BTEC route.

Degree Apprenticeships

Qualification level: 4+ - Assessment methods: on-the-job and written/exam

What is it? These programmes are developed by employers and universities. Degree apprenticeships can be taken once you have completed a Level 3 qualification. You need to show your prior learning achievements and also an ability to study at a higher level.

It's for you if... You want a degree without the cost, or simply want to get on with your career but still want degree-level training.

National Vocational Qualifications (NVQs)

Qualification level: 1-7 - Assessment methods: in the workplace

What is it? NVQs are usually taken alongside work. They're designed to show that you're competent in the various skills needed to do a particular job and are assessed on the practical work you do.

It's for you if... You want a qualification that ties in with a job, that enhances your career prospects and that you can follow as you gain more skills – once you complete one level, you can progress to the next one.

T Levels

T Levels are new courses that first started in Sept 2020 with a roll out of new courses each year after, which will follow GCSEs and will be equivalent to 3 A Levels. These two year courses offer a mix of classroom learning and an industry placement. The first courses will include: teaching; digital production, design and development; surveying and planning. Keep an eye out for developments!

Traditional Degrees

Qualification level: 4+ - Assessment methods: exam/coursework / performance

What is it? Traditional degrees last three or four years (full time). They are more theory-based and academically challenging – students learn to think critically, structure arguments and gain an in-depth understanding of their subject.

It's for you if... You get on well with academic learning and want to totally immerse yourself in a subject. The university experience is unique, offering students the chance to develop and grow both personally and professionally before entering the world of work.

For Parents and Teachers: **Top Tips for supporting young people over the next few years**

For many young people, the world past the end of Year 11 can feel overwhelming. It can be difficult for parents and teachers to know how to help their children/students make informed choices about their future careers in a rapidly changing world of work. There are hundreds of exciting opportunities and it is never too early to start investigating and exploring the options ahead.

- All secondary schools are required to provide a programme of careers education and guidance; this should be published on their websites. The Careers Programme should include: access to a careers advisor, exposure to the world of work, exposure to further study options, opportunities to meet employers and support and help with applying to the range of post 16 pathways available (i.e. apprenticeships, Further Education, Sixth Form Schools or Colleges or University options).
- The schools/academies will be able to direct you to a range of local and national information sources.
- As a teacher or parent it can be useful to share your own experiences however, be aware that over time processes and entry requirements have changed and what you had been advised may now be out of date.
- Many young people have an idea of what they want to do but are unsure about how they can achieve their goals. If they have particular interests in a career then explore the range of options with them. There could be a variety of ways to start within the chosen area and the entry requirements may be different depending on the route they take. If, after investigating options, their chosen direction is not realistic in light of predicted grades: are there alternative routes which might not require the same level of qualification?
- Find out what the demands are for these careers. Often popular industry areas have far more applicants than vacancies. Investigate similar skilled roles in differing industry areas; in the early stages, many roles have transferable skills. Explore the options of underrepresented areas such as women in construction, or men in health and social care roles – do not limit the options based on out of date gender limitations. Similarly, it could be beneficial to research local and national labour market information. This will inform you of current skills and shortages and demand in sectors local to where your young person is looking for employment.

- Help the young person to understand what may be involved as part of the job / industry. For example: hours, working situations, role expectations, previous experience needed and how the application process may look. Help them to explore options of work experience, volunteering or speaking with employers within the chosen career area.
- While university is one option, there are now many options to reach higher level qualifications. A degree may be required for some career paths but a higher level apprenticeship could also be a valid route which is worth exploring. Over the past few years, apprenticeships have grown in their availability of academic levels, age ranges, subject areas and learning delivery options. Apprenticeships are a highly valid pathway to follow employment based routes all the way through to degree and postgraduate level as a genuine alternative to university.
- Encourage your young person to log their achievements and times when they have evidenced a skill that may be relevant for the workplace (i.e. teamwork, patience, resilience, independence, time keeping). This will help support them when writing applications and attending job interviews in the future. Skills and experiences can be transferable and drawn upon from the workplace, study environment, at home as well as in the hobbies your young person is involved in.
- Continue to talk with your young person about the world of work; it is a moving world that will change for them as they discover more and match their skills, interests, experience and aspirations. Their careers do not have to be fully planned by the end of year 11, however they do need the skills to be resilient when things go differently than they had planned.
- Your young person's learning establishment will be able to help with all the above points and signpost to useful information.
- For further support please contact: Post16participation@bristol.gov.uk or through the www.bristolesl.com/bristolpost16 website.

Post 16 Enquiries & Applications should be sent to: enquiries@cityofbristol.ac.uk

Website: www.cityofbristol.ac.uk

Phone: 0117 312 5000

Our comprehensive curriculum offer means that our students are able to develop the skills, knowledge and qualifications they need to progress into employment, start their career, go to university or improve their independence.

We have Centres located across the city with excellent transport links, to provide excellent facilities and inspiring learning environments to all young people in Bristol.

We offer a wide range of technical and vocational qualifications for young people who want to develop practical skills to progress into employment. For those who want to gain their qualifications and learn on the job, we have the largest apprenticeship offer in Bristol with strong links with many of the city's major employers. For students who are looking for a more academic route, we offer a range of A Levels and also a variety of higher education courses provided in partnership with leading universities. Our Memorandum of Understanding with the University of the West of England will see an expansion of our higher education offer in South Bristol.

For students who suit academic studies, we offer A Levels that are studied over two years and enable students to progress to higher education, a higher apprenticeship or employment. Our University Centre works in partnership with leading universities to offer Higher Nationals, foundation degrees and Level 6 honours degrees.

Access to Higher Education courses provide students who don't yet meet university entry requirements to progress onto a degree programme. We offer Access to HE courses in business, engineering, environmental science, health, social science, social work, humanities, science, and medicine.

If students require additional support with developing personal skills while studying their qualification, we offer transition programmes from Entry L3 to Level 1. These programmes are suitable for anyone transitioning from alternative learning provision or home/hospital education to mainstream education and are designed to enable young people to discover their strengths and vocational skills alongside gaining their qualification.

City of Bristol College is also a central provider of foundation study programmes in the Southwest, and we offer support for students with learning difficulties and disabilities to help them to live fulfilling and independent lives. Almost half of our high need's students are studying in mainstream programmes, and many are undertaking work experience or preparing for further academic study. We have high aspirations for these students and enable them to be at the centre of their own learning decisions.

The Brislington Centre is our residential independent living training facility, supporting local students with additional needs who are enrolled onto a full-time course. Students stay overnight from Sunday through to Friday, returning home on weekends and for college holidays. The Centre houses 13 students, and plans are in place to increase our capacity to 25 in place with the introduction of a new training facility in 2023.

We offer English for Speakers of Other Languages (ESOL) courses from Pre-Entry to Level 1 to enable students to improve their English to a standard that will let them progress further in education. Students learn English, maths and IT, and higher-level groups also include study in vocational areas.

We provide free bus passes and other financial support to eligible students, to support them in accessing education and broadening their future prospects. Our Students' Union is responsible for organising a variety of activities, including sports and societies, to enrich the students' experience during their time with us.

General entry requirements:

Entry requirements can be found on our individual course webpages and will be discussed at interview to understand the suitability of the course for the applicant.

Please refer to course entry requirements available at www.cityofbristol.ac.uk

Please check the website for dates for open day event: www.cityofbristol.ac.uk/events/

St Brendan's Sixth Form College

Senior Leader Post 16: **Marian Curran**

SEN Lead: **Kerry Mullinder**

Children in Care Lead: **Kerry Mullinder**

Enquiries/Applications for Post 16 should be sent to: **Laura Howe-Haysom**

Email: info@stbrn.ac.uk

Website: www.stbrn.ac.uk

Phone: 0117 977 7766

St Brendan's Sixth Form College is the only specialist Level 3 provider in the Bristol-Bath-South Gloucestershire area and is an educational home to over 1800 students. The College provides a diverse range of over 60 different A-level and Level 3 Applied General courses to 16–18 year olds, as well as bespoke programmes which focus on employability, critical thinking and other enhancement opportunities.

In addition, the college has an Access to Level 3 programme for students who have the ambition to study at Level 3 but have not yet met the entry criteria to do so. Learners on this one year pathway will study a bespoke timetable, equivalent to five GCSEs. The programme also provides opportunities for work experience.

As an educational institution exclusively for 16 – 18 year olds, teachers are experts in their field and the campus is designed specifically for young adults to enjoy. Inspired by university-style learning, post-16 students can find all they need and more on the one Brislington campus. From state-of-the-art

science labs and inspirational art spaces, to county-standard sports facilities and vibrant social spaces; St Brendan's aims to ensure all students enjoy an enriched post-16 education and are ready to take the next step towards a successful future!

At St Brendan's Sixth Form College we are committed to supporting all students with additional needs. We try to promote equality and diversity in the college, to value everyone's unique contribution, and to make sure that all of our academic and social provision is inclusive. There is no stigma attached to the Learning Development area - it is open to, and accessed by, all students, so it is never obvious who has a label of 'SEND' and who doesn't.

General entry requirements:

Level 3: Five GCSE grade 4s including English Language (English Literature is accepted for some courses)

Access to Level 3: Four GCSE grade 3s including English Language, plus at least a grade 2 in Maths

Open events:

Please check our website for details:

Saturday 1 October (10am–2.30pm)

Thursday 13 October (5pm–8pm)

Wednesday 16 November (5pm–8pm)

Tuesday 31 January (5pm–8pm)

School Sixth Forms

Ashton Park School

Senior Leader Post 16: **Rowena Hector**

SEN Lead: **Claire Neaves**

Children in Care Lead: **Michael Mantegna**

Enquiries/Applications for Post 16 should be sent to: tanyathomas@ashtonpark.net

Website: www.AshtonSixth.co.uk

Phone: 0117 377 2742

Ashton Park Sixth Form is situated in a picturesque setting on the edge of Ashton Court Estate. Our Sixth Form applies the same co-operative principles and values that form the cornerstone of an Ashton Park education, through from Year 7. Our provision is fully inclusive and aspirational, giving opportunities for all abilities and for both those who know their future pathway and those who are unsure. We hold a range of events, through-out the two years, to help students confirm or decide the right route for them.

Ashton Park Sixth Form is committed to providing individualised support for all students whatever their study programme and whatever their aspiration. Excellent UCAS support systems ensure our students make successful applications to their chosen universities. Equally, we have programmes that develop employability skills, helping our students gain access to employment and higher level apprenticeships.

We value student voice and our students play a significant role in the day-to-day life of Ashton Park Sixth Form. This may be, for example, organising charity or social events, playing sport fixtures or volunteering, either within school or in the local community.

General entry requirements:

Every application will be considered on an individual basis. However the key entry requirements are as follows:

Our level 3 study programme of A levels and/or level 3 vocational courses require students to achieve a minimum of 5 GCSEs (or equivalent) at Grade 4 or higher, including both English and Maths at Grade 4 or higher. For a number of subjects, there are additional requirements of level 5, 6 or higher. Details are available in the Sixth Form prospectus. As we run English and Maths GCSE resit courses, we will, in exceptional circumstances, consider students who have achieved a level 3 in English or Maths.

The Extended Project Qualification (EPQ) will be available to all students on Level 3 study programmes in the summer of Year 12.

Our Level 2 'Gateway' (to level 3) programme will provide students with the opportunity to achieve a Level 2 Certificate in vocational studies in ICT, Business and employability skills. Students will need a minimum of 5 GCSEs at Grade 2. Students will have the opportunity to re-sit GCSE English and Maths.

In these most exceptional of times, students not achieving individual course entry requirements in the summer will be considered on an individual basis and advised and guided appropriately by the Sixth Form team.

Open events

Open evening: Thursday 10 November 2022

Other appointments or tours may be arranged in advance.

Bristol Cathedral Choir School

Senior Leader Post 16: **Stephen Fuller**

SEN Lead:

Children in Care Lead: **Mr Pat Callaghan**

Enquiries/Applications for Post 16: The online application form will open mid-October 2022 on the school website. Closing date for applications is Wednesday 4 January 2023.

Email: post16@bristolcathedral.org.uk

Website: bccs.bristol.sch.uk

Phone: 0117 353 5000

The community at BCCS Sixth Form is warm, friendly and inclusive. Our first priority is to ensure that all students valued and supported. Students here quickly learn that they can contribute and help build on our strengths: you can become leaders within the sixth form.

We offer more than 20 A-levels, our curriculum is growing fast, with Economics, and Sociology added. Students typically take three A levels, with many choosing to do the Extended Project Qualification alongside their studies. However, Sixth Form is not just about your A levels, but about developing you as young adults, equipped with personal qualities, skills and attributes that will see you succeed at whatever you turn your energies to. We encourage and expect all students, whilst here, to engage in volunteering, work experience and to develop personal interests, whether it is music or sport, baking or programming, knitting or politics. We will support you in organising all of this, flagging up opportunities to you and let you commit to activities that suit you. As a sixth form student at BCCS you will of course be supported by our dedicated teachers, but also by our fantastic sixth form team.

Throughout your A-levels, your tutor and the Sixth Form Leadership are available to help you overcome any challenge.

Our students achieve highly by working as a team: through academic tutorials, regular tracking and intervention or the support of your peers, there is always help close by should you want it. The 6th form team work closely alongside the BCCS SENDCo, with students and families to ensure that students with special educational needs receive the support they are entitled to.

Starting with information gathering on results day, students with special educational needs will create a plan with the team that will enable teachers and pastoral staff to work with them to realise their full potential. The 6th form team are available on request to meet with parents to review progress.

General entry requirements:

To be eligible to enter the sixth form, both internal and external students will be expected to have met the minimum academic entry requirements. We will be looking for GCSE grades 6, 6, 5, 5, 5 and a 4 in English Language or Literature.

All applications are considered against the published admission arrangements 2023/24; a full copy can be viewed on the school website.

Open evenings:

Check the school website for details.

Bristol Free School Sixth Form

Senior Leader Post 16:

Kieran Smith, Head of Sixth Form

SEN Lead: **Mrs Ros Parry**

Enquiries/Applications for Post 16 should be sent to: sixthform@bristolfreeschool.org.uk

Website: www.bfs6thform.org.uk

Phone: 0117 959 7200

Bristol Free School Sixth Form is a centre of excellence for Post-16 education which opened in September 2016. It provides an outstanding curriculum in brand new facilities shaped and developed by our students; which include exclusive social, study, sports and leisure spaces. It is a unique learning environment.

Our Sixth Form provides a fantastic range of opportunities within the curriculum and through our unrivalled extra-curricular programme. We offer a wide range of A Levels alongside selected BTEC Level 3 courses, in order to provide a flexible curriculum which enables our students to achieve their ambitions and move on to University, Apprenticeships or Employment.

Our pastoral and academic support is exceptionally strong and is driven by a dedicated and experienced BFS and RET Sixth Form team, ensuring that everyone receives the right support to enable them to excel. BFS Sixth Form offers a rich extra-curricular programme throughout the year. It has been designed to give every student the opportunity to ensure that they can benefit from a range of enrichment activities, but also demonstrate their individual skills, interests and personal qualities to prospective employers or universities.

General entry requirements:

5 GCSE grades at Grade 5 or higher as well as Grade 4 or higher in English and Maths

Open evening:

Please see our website for details.

Cabot Learning Federation Post-16

Senior Leader Post16: **Kath Cooper**

SEN Lead: **Lana Crosbie**

Children in Care Lead: **Jessica Lewis**

Enquiries/Applications for Post 16 should be sent to: www.post16.clf.uk

Website: www.post16.clf.uk

Phone: 0117 988 2525

The Cabot Learning Federation Post 16 is an independent provision hosted John Cabot Academy. We offer high quality facilities including a new dedicated Post 16 building and access to the latest subject technologies (e.g., a state-of-the-art Design Centre and sports complex). We offer an inclusive and broad programme for students, across a full range of A level and Vocational qualifications.

We have a strong commitment to our anti racism thread that will run through our curriculum offer, practices and policies. The Cabot Learning Federation Post 16 has committed to an ongoing process of individual and collective education, discussion, and action to engender belonging and identity for all the communities we serve.

Our committed professional team of subject experts are leading practitioners and experienced in delivering first class teaching, guidance and support. Our wider curriculum is valued and prepares young people for aspiring futures and careers.

We provide exemplary pastoral support through a dedicated team that remove the barriers for students, alongside a commitment to inclusivity through our specialist Inclusion team.

Our greatest strength is the unwavering ambition we hold for all students across all prior attainment stages, setting the highest of expectations whilst maintaining strong standards. This is reflected each year in our students' progress, with students achieving on average half a grade higher than their target grades and reaching their potential and beyond.

General entry requirements:

Level 3 - A Level route requires a minimum of 6 GCSE at grades 6,6,6,5,5,5 with a level 5 in both Maths and English.

Level 3 - Vocational route requires a minimum of 6 GCSE at grades 6, 6, 5, 5, 4, 4 with a minimum level 4 in both Maths and English.

Level 3 - Specialist Vocational (Double or Triple Award) route requires a minimum of 4 x GCSE grade 4 plus both English and Maths GCSE at grade 2 or above (See Course Level Routes Explained on our website for further details on Specialist routes).

Level 2 - Specialist Transition route requires a minimum of 4 x GCSE grade 2 or above. Students not achieving this will be considered on meeting with admissions team.

Open events:

Evening 19 October 2022

Evening 9 February 2023

Please check the website for further details.

V6 (Colston's Girls' & Fairfield High School)

Senior Leader Post 16: **Caroline McClean**
(Colston's Girl's School) and
Amanda Bridgewater (Fairfield High School)

SEN Lead: **Elaine Cogan**

Children in Care Lead: **Rachael Edwards**

Enquiries/Applications for Post 16 should be sent to: **Lindsay Newman**

Email: info@v6bristol.org

Website: v6bristol.org

Phone: 0117 942 4328

V6 is an exciting new co-educational Sixth Form in central Bristol. V6 is Colston's Girls' School and Fairfield High School's post-16 provision in a purpose built post-16 Centre on Cheltenham Road. V6 is sponsored by the University of Bristol and the Society of Merchant Venturers providing unrivalled opportunities and benefits for our students.

V6 Sixth Form provides an inspirational environment enabling students to flourish and achieve their personal ambitions. We are ranked in the top ten state schools nationally for the proportion of students going on to study at the universities of Oxford and Cambridge. Academic success is important, but being part of V6 Sixth Form is about much more than achieving outstanding exam results.

AT V6 WE ENSURE OUR STUDENTS:

- Always strive to be the best they can possibly be.
- Feel empowered to become ethical leaders.
- Receive outstanding care, guidance & support.
- Develop an outstanding CV for University and Apprenticeship applications.
- We offer twenty-eight A level courses and an increasing number of BTEC courses including Health and Social Care and Sport. Our site is fully accessible and we welcome applications from students with SEND; whom if we are oversubscribed and prioritised for a place.

'EVERY TEACHER HAS TIME FOR YOU AND YOU FEEL PART OF A CLOSE KNIT COMMUNITY.' V6 student

General entry requirements:

Each application will be considered on an individual basis however the key entry requirements are:

Five/Six GCSE grade 4/5 or equivalent including Maths and English for entry into Sixth Form (some subjects will specify a higher grade entry for A level courses).

MA.16 (Merchants' Academy)

Senior Leader Post 16: **Dale Rowe**

SEN Lead: **Ellen Ashford-Kelleher**

Children in Care Lead: **Vicki Starkie**

Ma.16 is A modern, student centred sixth form provider, allowing students the freedom and independence to follow a personalised academic pathway towards their goals and aspirations, whilst offering the pastoral support and care fundamental to student wellbeing and achievement.

We are proud to be an ambitious Sixth Form and have high expectations for our students. We recognise the potential of each individual, deliver high quality teaching and, importantly, generate a culture that encourages independence and self-reliance. We offer personalised support and a wealth of opportunities that ensure each student leaves us as an accomplished, skilled and successful learner, fully prepared for university, further training and employment. We want all our students to thrive in their future choices.

MA.16 is able to offer unique opportunities to our students, which are made possible by the practical support of our sponsors The Society of Merchant Venturers and Bristol University. These include a generous scholarship programme, exclusive work experience placements, academic and business mentors for some of the world's leading business sectors, alongside valuable leadership opportunities. We are proud of the support we offer young students of all abilities through our experienced and dedicated team.

General entry requirements:

General entry requirements are level 3's in English and Maths. Entry requirements are course specific for our A-Levels and level 3 vocational courses. Where appropriate a lower requirement can be accepted on an individual basis. Please contact the Sixth Form office for specific details.

The Areté Sixth Form at St. Bede's Catholic College is specialist in providing Level 3 A Level courses. A number of students join us from other schools and we welcome applications from students already studying at St. Bede's as well students from other schools and colleges.

At Areté we strive for academic excellence by enabling students to achieve their full potential, combining academic work with an extensive co-curricular programme. The college has a distinctive culture and climate where staff actively promote a love of learning and intellectual curiosity. Areté has a calm, industrious and welcoming study environment. We support students to become active, critical and open-minded thinkers. Areté is a place where achievement, effort and diversity are valued and celebrated.

We offer a range of A Level courses and a study path which equips students with the skills they need to access competitive courses and increase their chances of study at the most respected academic institutions, if this is their desire.

At Areté we want to ensure students are supported and valued. The Sixth Form is at the forefront of our college and we are committed to providing an excellent education which empowers all students to 'be the best they can be'.

General entry requirements:

5 x Grade 5+ at GCSE Level or equivalent, including English and Maths. In addition, Grade 6 and above is necessary in the subjects students are choosing to study (or related subjects where the subject has not been studied at GCSE level).

Open events:

Thursday 20 October 2022

Phone: 0117 353 2073

St Mary Redcliffe and Temple is an 11-18 school with a large 6th form offering a big choice of A Level courses. The 6th form is based in its own building but has access to specialist facilities for creative and science subjects in the main school building. We are committed to high achievement for students of all abilities, to building a strong sense of community and to developing well-rounded students who have a strong concern for issues of social justice and equality. We take care to meet the needs of all students with additional learning or support needs.

General entry requirements:

To do three A level subjects plus a supplementary course we require at least 6554444. Including 5 in English (Lang or Lit) and 4 in Maths.

To start four A Level subjects we would normally expect at least 7665555.

Including 6 in English (Lang or Lit) and 5 in Maths.

Blaise High School SEN Post 16

Senior Leader Post 16: **Jim Harvey**

SEN Lead: **Samantha Nutt**

Children in Care Lead: **Alison Williams**

Enquiries/Applications for Post 16 should be sent to **Patricia Hopkins**

Email: hopkinsp@blaisehighschool.co.uk

Website: www.blaisehighschool.co.uk

Phone: 0117903 0100

Blaise High School's Post 16 provision is only available to students with an EHCP for learning difficulties, who need a smaller, more personal and nurturing environment directly after leaving Year 11. The students follow a two-year course developing independent living skills, confidence and knowledge of the world of work. They also continue to study Maths, English and ICT as well as having access to lessons in the Arts and PE. The aim of the course is to help students prepare towards either an appropriate College course or enter into the world of work.

The provision caters for a maximum number of 10 students and is based both in the classrooms and learning spaces of our main school and a specialist Post 16 bungalow which is situated on the Blaise High School site. The bungalow enables students to thrive in a calm and quiet environment whilst giving them the opportunity to practise everyday life skills such as cooking, cleaning and gardening.

The course enables Blaise High School staff to deliver a personalised learning programme which is able to adjust and react to the changing needs of the students as well as enable staff to take advantage of many opportunities within the wider community which help develop important life skills for our students.

General entry requirements:

An EHCP is required to access the provision.

There are no specific exam requirements.

Open events:

Please check our website for event dates.

Digitech Studio School

Phone: 0117 370 8030

In September 2022 the Sixth Form will move to a brand-new standalone building with modern teaching facilities, labs, workshops and sports facilities. The Sixth form will also be complimented by independent living homes that our students will be able to use to develop further independence and have time away from home.

General entry requirements:

All students require an up-to-date Educational Health Care Plan.

Knowle DGE Academy Sixth Form is a Key Stage 5 department based in Bristol which caters for students preparing for college and life outside the education system.

We are a specialist provision who work with young people with varied needs. Our students have many different requirements ranging from Speech Language Communication Needs, Autism and to Social Emotional and Mental Health needs.

We offer Sixth Form post-16 places with the opportunity to study many different subjects. Photography, Motor Vehicle Maintenance, Performing Arts, Land Based Studies, Construction, Resistant Materials Sports Leaders, History, Art and including English, Science, Animal Care and Mathematics up to GCSE level.

In addition to these subjects, we encourage students to participate in our course WOW curriculum focussed on the essential life skills needed for a young person. We also offer a bespoke "Work Experience" program with job coaching, which has seen students working in the "Motor Trade", "Retail Sector", "Gardening" and "Domestic Services". We have an independent careers advisor who helps students build transition plans for moving on beyond the Sixth Form.

Olympus Post 16

Email: enquiries@olympustrust.co.uk

Website: www.olympustrust.co.uk

The Olympus Post 16 Partnership consists of Abbeywood Community School, Bradley Stoke Community School, Patchway Community School and Winterbourne Academy. Both external candidates and internal students must meet the minimum academic entry criteria before they can be eligible for a place. Applications will be considered for admission at the age of 16+ and can be made via The Olympus Academy Trust website.

The application form can be found online at www.olympustrust.co.uk/post-16/the-application-process/ Offers based on predicted results will be made by the end of April and confirmed or reviewed following GCSE results in August. Students must have concluded their studies by the end of the academic year during which they reach the age of 19, in accordance with our Funding Agreement with the ESFA. All students will be expected to study three subjects for the full duration of their studies.

Academic entry requirements for Level 3 programmes of study are GCSE grade average point score of a minimum of a grade 4 across five GCSEs or equivalent, which includes a GCSE in English Language or English Literature at grade 4 or above. In addition, all Level 3 courses have additional unique entry requirements, which must also be met. The full list of entry criteria for each course is available from the relevant centre.

General entry requirements:

Entry requirements apply to both internal and external applicants and all offers will be designed to provide a suitable programme for each applicant. Reasonable adjustments may be made to comply with equality and disability legislation.

Open events:

Phone: 0800 0567 253

At SGS College, we strive to provide clear, high-quality professional and technical routes into apprenticeships, employment and self-employment as well as to Further and Higher Education alongside robust academic routes. To support progression, we provide high-quality career pathways in each of our departments through Intermediate, Technical, Academic, Higher and Professional qualifications and have an extensive Apprenticeship offer.

Our full-time study programmes combine knowledge, skills, support, challenge and a set of attributes that help deliver confident, and professional learners who are ready and able to progress. Learners typically attend college for 3–4 days per week. SGS learners will have a competitive advantage in the workplace due to our approach in ensuring learners are work-ready. Our study programmes include: Academic/Vocational qualification of study (e.g. First Diploma Sport, A Levels), Maths and English (either Functional Skills, GCSE resits or upskilling), work experience/placements, enrichment and tutorials. Our study programmes develop the softer skills such as the ability to communicate effectively, to be confident and articulate individuals and to apply themselves to work effectively as team members.

All learners at the College are supported to achieve their goals. Applicants are required to disclose information about any additional learning support needs they may have. Should you have any additional support needs due to a physical impairment, learning difficulty and/or mental health issues let us know so that we can make reasonable adjustments and provide extra support. Our Learning Support Co-ordinators work with learners, their families and carers to arrange support.

Ways in which we can help:

- Liaise with outside agencies
- Provide support in the classroom
- Provide specialist equipment and assistive technology to help you study.

SGS has a variety of support mechanisms and services available. The SGS Total Support Guarantee provides timely, accessible and consistent support for learners with SEN, barriers to education and those learners who are at risk of not achieving or progressing for a variety of reasons. It ensures all college staff are able to spot early warning signs and identify appropriate support options.

Examples of additional support at SGS include:

- Learning Support Workers in class
- English & Maths Extra
- Study Skills
- Exam preparation
- Mentoring
- Counselling
- Specialist support for hearing or vision impairments
- Support for learners with mobility difficulties

- Support for learners with social, emotional, mental or behavioural difficulties
- Assistive technology
- Break and lunchtime support
- Personal care

For students with EHCPs we will plan support through liaison with learners, parents/ carers, staff and the local authority in conjunction with information gathered from external agencies and/or previous educational establishments. We will coordinate the annual review of your EHCP and ensure that your voice is heard at multi-agency meetings.

Each curriculum area has a designated Learning Mentor who is available to learners. Learning Mentors work collaboratively with tutors, other relevant staff and agencies, and learners to develop and implement agreed pastoral improvement and support plans.

SGS has a robust support network for all Young Carers, In Care and Care leavers. Young Carers voices will be listened to and peer support groups are available to access at the request of the young person. In addition to the support outlined above, the Learning Mentor will coordinate multi-agency meetings and PEPs for students who are in care or care leavers, as well as provide targeted advice and support.

All full-time learners have a tutor with whom they can discuss academic or pastoral issues and through the Total Support Guarantee, tutors can refer learners to a variety of support mechanisms at the college. Learners can also self-refer to the Learning Mentor team, or the Counselling service who can signpost or refer you to external agencies for further support if required.

Tutors ensure that the teaching and learning methods used are accessible by adjusting or differentiating them as appropriate. They

will liaise with Learning Support Workers to ensure that support is targeted, effective and has impact on the learner's experience and achievement.

Foundation (Entry Level) learners receive additional tutorial time with their personal tutor to discuss academic and pastoral issues. Within the Entry Level provision this is very closely monitored and supported by curriculum staff and the Learning Support department.

General entry requirements:

A Level - 5 GCSEs at grade 5 or above including Maths and English grade 5 (+ subject specific requirements)

L3 Vocational - 5 GCSEs grade 4 or above including Maths and English grade 4

Phone: 01934 411 411

Weston College is an Ofsted outstanding college of further and higher education in Weston-super-Mare delivering education and vocational training to nearly 30,000 learners across the country.

The College provides high quality and inspirational teaching and learning and is regarded as one of the top FE colleges in the UK having won numerous regional and national accolades. The College is the current Bristol and Bath Apprenticeship Training Provider of the Year and has been selected as one of a small number of colleges to be awarded centre of excellence status for both Maths and English and Special Education Needs and Disabilities (SEND). Weston College is one of the small handful of education institutions that has been awarded a Queen's Anniversary Award.

At Weston College we work to the maxim 'careers not courses'. We understand that this is simply one phase in the educational journey, which is why our programmes aim to prepare students for their next step – whether that's a further learning or the world of work. Extended work and industry placements also feature prominently in the curriculum of all programmes and with this in mind, we are extremely proud that well

over 90% of our full-time learners move on to employment or further learning, with 93% of our level 3 students who decide to apply to university receive an offer of place.

Launched in the summer of 2021, Weston College has formed Career Excellence Hubs as a unique mechanism to align its curriculum to the needs of employers. Each Career Excellence Hub offers the very best support in wellbeing, inclusive practice/SEND and digital with an ambitious vision linking to WorldSkills UK - to raise aspirations of learners regardless of their starting point in life. To find out more and read the College's Careers Excellence Hub charter, click here. The Careers and Enterprise Company recently said "Weston College are at the forefront of innovation in career education, advice and guidance. The development of their Careers Excellence Hubs is just one shining example of how they are supporting their students to take their best next step out of education and into the wider world."

The College offers students the opportunity to study technical or academic programmes, as well as an ever-growing work-based learning provision. Whether it's liaising with businesses and universities across the country to make sure that students are taught relevant and up to date skills, creating the best facilities in the region for them to study in, or selecting the top teachers with current industry experience. Weston College ensures its students are provided with the right learning environment to reach their potential.

Weston College students receive an outstanding level of Learning Support. Our innovative and unique Specialist Support Model ensures staff have the specialist skills and knowledge to deliver high-quality, personalised support programmes that

effectively meet the needs of learners with Learning Difficulties and Disabilities. This high level of specialism is very unusual for a general Further Education College. This has been recognised through our involvement in both local and national initiatives, projects with the Department for Education and from our work with Ofsted, which recognised this provision as 'outstanding'.

General entry requirements:

Level 1 Study Programmes

GCSE profile below the minimum expectation for level 2.

Level 2 Study Programmes

5 GCSEs at grade 3 or above.

Technical Programmes

5 GCSEs grades 4-9

SEN Lead: **Andrew Melbourne**

Children in Care Lead: **Andrew Melbourne**

Enquiries/Applications for Post 16 should be sent to: a.mel.melbourne@hvw.org.uk

Website: www.hvw.org.uk

Phone: 0117 978 8968 or 0117 978 1708

General entry requirements:

GCSE English or Maths Grades 4 (C equivalent) or below.

Enrolments commence from 1st September 2023.

We recruit throughout the year and are happy to show any interested potential learner around the A2a training centre and carry out an informal interview if required.

For over 30 years HWV has provided training opportunities for young people aged 16 to 19. Our current A2A foundation programme supports young people to; achieve realistic personal and team targets; improve confidence; remove barriers to learning and employment; gain or improve the following qualifications - GCSE's English & Maths. Functional Skills - English, Maths Entry 1 to Level 2, ICT and Personal Development.

We enrol learners throughout the year and keep class sizes below 10, where possible to ensure as much individual support as possible can be offered to each and every learner. Each learner is also allocated a personal support advisor who will provide career IAG and additional pastoral support where required.

BCE are proud to deliver Apprenticeships as a Skills for Care endorsed provider. We have a highly skilled team of trainers who have been recruited on their experience, range of skills and quality of training. Our staff turnover is low and feedback from learners is excellent. We pride ourselves on listening to our staff and learners and using this information to drive the business forward. Learning with BCE is fun and rewarding.

We work with a range of businesses including small to large residential and nursing homes, domiciliary care agencies, local authorities, NHS trusts, public health, specialist mental health, learning disability providers and Individual Employers across the southwest.

We offer Levels 2,3,4 & 5 programmes, our delivery method is via both classroom and blended learning via Zoom sessions across the south west alongside a work placement. Extra support is always available for those who feel it would benefit them.

General entry requirements:

Apprenticeships are based on job roles and may be a new opportunity or as a career pathway within a current role. BCE will discuss your aspirations and advise on an individual basis. Call one of our friendly team to discuss your specific requirements.

Open events:

Our Apprenticeships start throughout the year. We do not hold open events but are happy to arrange an appointment to discuss your needs at any time.

At boomsatsuma, we're doing education differently. Our mission is to close the gap between education and industry and get you work-ready in your dream creative career. As the leading post-16 education provider for creatives in the South West, boomsatsuma has the tools and expertise you need to develop into the full package and get noticed.

With real briefs, real deadlines and real expectations, you'll be taught by some of the most impressive, creative professionals in the UK; delivering project-based learning to get you ready for the real world. We do this by offering agile, dynamic and bespoke tuition, tailor made to build your confidence,

develop your creative identity and ignite your raw potential.

Our classrooms are placed in professional environments which connect you seamlessly to the industries you want to work in, preparing you for the world beyond your course from day one. All courses are Level 3 Extended Diplomas aimed at 16-18 year olds, which are full-time and equivalent to 3 A levels. You'll be ready for university, performing arts school, apprenticeships or even your first role in the industry.

At boomsatsuma, we know that education isn't one-size-fits-all. We assess each applicant on their individual needs and we have talented staff to find what's right for you - we've got your back.

Phone: 0117 963 0636

Bristol City Robins Foundation is an innovative sport and education charity whose primary aim is to make an outstanding contribution and impact to the lives of communities across the Greater Bristol region. Being the official charity of Bristol City Football Club, the Robins Foundation utilises the power of sport and the strength incorporated within the club's brand to serve Bristol's community. The Foundation engages with its participants of varying ages, abilities, backgrounds and ethnicities through a diverse range of projects.

The Foundation's ability to deliver a variety of sport, physical activity, post-16 courses and degree level courses encourage, inspire and engage individuals, enhancing participants' health and well-being, whilst incorporating socio-economic benefits. The Foundation is continually looking to expand its reach through the delivery of high-quality and accessible projects, with the voice of the community at the centre of all we do.

One of the Foundation's focuses is to engage and inspire young people, raising and celebrating education achievement. The Foundation recognises the positive role it can play within the community,

so in 2011 it created a unique sporting academic programme to tackle the education inequality that exists within the city. Through its continual growth in strength and capacity, the Foundation now has the appropriate support structure to enable learners to develop life skills, maximise career choices and opportunities through carefully designed qualifications, support and activities, no matter what their academic or practical level. Such a structure sees the Foundation annually attract and accept a diverse range of students on to any of ten exciting courses, ranging from post-16 to degree level. With courses based at Ashton Gate Stadium, Merchants Academy school and City Academy school, where purpose-built facilities are evident, the Foundation's culture of valuing education is bolstered by the learning environment. This assists in inspiring a positive attitude to drive education, personal and social progress, without the fear of failure. In addition to the purpose-built learning environment, the Foundation's ability, passion and drive to deliver the highest level of education to individuals wanting to enhance their quality of life, assist in positive levels of success attained through personalised learning.

The Foundation currently offer a wide range of sports study areas including generic Sport, Sports Coaching and Development and Sports Business and Entrepreneurship. As of 2022/23 this will increase to Sports and Exercise Science and Esports.

All of the education courses combine academic studies with a practical experience. Students will have the opportunity to learn with Bristol City Football Club and represent the brand every week, providing a further highly sought after and unique opportunity. Students are also provided with the chance to travel and thrive outside

of Bristol by visiting some of the country's best sporting and business facilities. These include aspirational trips to professional football stadia, sporting arenas and high-profile organisations. As well as national trips, students have the opportunity to engage in international trips with the Robins Foundation, to experience playing and coaching in a different setting, with the most recent including tours to Croatia, Germany, Holland and Portugal. All of the above factors contribute to what is a fantastic and unique educational experience for students looking to kick-start their career whether this is within the sports industry or elsewhere. trips, students have the opportunity to engage in international trips with the Robins Foundation, to experience playing and coaching in a different setting, with the most recent including tours to Croatia, Germany, Holland and Portugal.

All of the above factors contribute to what is a fantastic and unique educational experience for students looking to kick-start their career whether this is within the sports industry or elsewhere.

At Bristol School of Acting, we're doing education differently. As one of the UK's newest drama schools, our mission is to re-imagine actor training for the 21st century; to challenge the status quo and train open-minded, skilled young actors to apply their voice and identity to a sustainable career in today's industry.

Our 16-18 diploma courses are the first step on the road to professional actor and professional dance training. They are highly practical courses, with the rigour and challenge of high-quality professional training to the broadest spectrum of young people.

Full Course List

1. Professional Acting Extended Diploma
2. Dance with Rise Extended Diploma

We are committed to encouraging and creating diversity in professional actor training, from the perspectives we bring to the culture we create and the material we work on. In this spirit, and to make auditioning for us as accessible as possible, all of our auditions are FREE.

Phone: 0117 947 7288

Circomedia is a world-renowned training provider specialising in Contemporary Circus and Physical Theatre. For over thirty years, Circomedia has trained performers and artists with a passion for communicating and telling stories through physical mediums.

For learners aged 16+ there is the UK's only two-year Level 3 Extended Diploma in Contemporary Circus and Physical Theatre. This BTEC is fully funded by the government for learners aged between 16 and 18*. The first year of the course (Foundation Level) must be passed before graduation onto the second year (Extended Level). On completion, students will have gained the equivalent to three 'A' Levels which opens up access to continue their study at degree level.

The BTEC course is delivered in partnership with City of Bristol College. BTEC students are supported by our in-house Student Support and City of Bristol College's support services including a bursary for equipment and travel for those eligible.

The Circomedia degree course is accessible to those over 18. The degree is split into a two-year Foundation Degree in Contemporary Circus with Physical Theatre and a top-up third year to convert this FdA into a full B.A. (Hons) degree. Circomedia also delivers the first and only M.A. in Directing Circus anywhere in the world.

Degree students have access to our in-house Student Support alongside all Bath Spa's learner resources. Students with specific learning disabilities and/or mental health issues can apply for Disabled Students Allowance

General entry requirements:

Learners applying for the BTEC course will need GCSEs in English and Maths at grade 4 or above. Unfortunately we cannot accept anyone onto the course who does not have this. We recommend having a further three GCSEs at this level however this is not mandatory.

Degree applicants need the equivalent of at least three D grades at A Level. Applications are made via UCAS.

All applicants are required to attend/submit an audition.

Open events:

For all Open Days, please e-mail admissions@circomedia.com

Creative Youth Network

Senior Leader Post 16: **Kate Gough and Emily Bull**

Enquiries/Applications for Post 16 should be sent to: info@creativyouthnetwork.org.uk

Website: www.creativyouthnetwork.org.uk

Phone: 0117 947 7948

The Complementary Education programme aims to work as early intervention, to support those struggling to engage in secondary education. We focus on a variety of creative activities to re-engage, inspire, and motivate young people. This also includes qualifications, pastoral support, and pathways. We can work with up to 30 students per year, establishing ongoing relationships and creative group work. You can access further information here.

Creative Youth Network is a registered charity in Bristol supporting young people to reach their potential and enjoy fulfilling lives. We build secure, positive relationships, based on the unique needs of each young person. We are youth workers, creative professionals, volunteers, and campaigners.

The young people we work with face barriers preventing them from thriving. Many are marginalised, unemployed, not in education, experiencing poor mental health, are in care (or are care leavers), are asylum seekers, refugees, disabled, from low-income households or are an ethnic minority.

We work to help young people remove or overcome these barriers:

- Creative Youth Network builds trusting relationships so we can address their individual needs
- We advocate for young people to get their voices heard so they can influence policy
- We provide an exciting range of programmes and activities to help them reach their potential

Targeted support

We offer one-to-one advice and support to young people no matter what their situation or background. Our youth workers build positive relationships with young people to help them navigate difficult situations. No problem is too big when we tackle it together, whether it's mental health, housing, family breakdowns or struggles at school. This is our Targeted Youth programme. For professionals referring young people into our services, here is the referral form and other opportunities to refer.

For young people with low to moderate mental health challenges, we offer support from Wellbeing practitioners, who can be reached here.

Creative programme

The ups and downs in life can be complicated and difficult to express, but at Creative Youth Network, we believe everyone can find their voice through creativity. Our Creative Courses and Creative Careers support empower young people, particularly those are NEET, to find their own artistic vision and give them the tools and networks to develop their creativity. Courses include art, photography, game-design, music and

fashion. We also support young artists to take their careers to the next level, with our Creative Futures and Support for Artists programmes.

The hands-on approach helps young people build confidence and healthy relationships in an environment where sharing emotions is safe. We support them to develop the skills and experience to turn their creative passions into professional success.

Alternative education and careers advice

Sometimes the traditional education system just doesn't work. Creative Youth Network is there to catch those young people who slip through the net at school, with our complementary education programme for secondary schools.

By providing an alternative route to arts qualifications, we help those at risk of dropping out to stay engaged, focused and able to fulfil their potential.

We also offer one-to-one careers advice and courses for young people aged 16-25 who are not in education, employment or training. Our job coaches help these young people to identify problems, develop skills and find a route into a career they want.

Youth centres

Our six Creative Youth Network youth centres (The Station, Hillfields, The Stokes, Hanham, The Batch and Made Forever) are safe and creative spaces for young people to hang out, explore their interests and build positive relationships, filling the gap between school and home.

Our youth centre workers support young people to organise their own events. Cooking, Djing, arts activities, discussions or debates – they're all planned to encourage

and empower each young person to find their voice and reach their potential.

General entry requirements:

The Complementary Education Programme is specifically designed for those in Secondary Education. We aim to work with each school on a 3-year contract, delivering 3 courses a year to 10 young people at a time.

issie.lloyd@creativyouthnetwork.org.uk

We welcome all young people from 8 to 19 and up to 25 if they have a disability or learning difficulty.

Open events:

It's possible that the Complementary Education Programme may have some extra-curricular Autumn activities running in the half term. Continue to check here for future updates. Creative Youth Network runs a wide range of sessions and events, from courses to youth clubs. To find out what's in your area, check here.

YOUR TIME YOUTH SUPPORT – is a unique and rewarding programme supporting people between 15 and 24 who are not in education, employment, or training.

We provide a variety of activities, designed to help you get the skills and confidence you need to get where you want in life with soft skills support and fully funded qualifications.

We have tutors to welcome and support you on courses in areas ranging from Construction and Warehousing, Adult Social Care, Children and Young People, Security, IT and Digital skills, Retail and Customer Service, Management and Business skills and Personal Development and Employability. In tandem with your tutor, we have an employer engagement officer who will help and support you to a sustainable progression outcome in the area that you are looking in, and with job interviews available on completion of the courses.

Covering Bristol, North Somerset, South Gloucestershire and the BANES areas, we have a team of great people ready to help you on the next stage of your journey.

General entry requirements:

If you are NOT in education, employment, or training and have the right to live and work in the UK – then you have probably met the entry criteria!

JTL

Senior Leader Post 16: **Colin Mills**
Area Manager

SEN Lead: **Colin Mills**, Area Manager

Children in Care Lead: **Colin Mills**,
Area Manager

Applications for Post 16 should be sent to:
info@jtltraining.com

Email: colinmills@jtltraining.com

Website: www.jtltraining.com

Phone: 0800 085 2308

JTL is one of the largest work-based learning providers in England and Wales as well as being a registered charity. Working with over 3,000 businesses from large corporations to small local suppliers, we train more apprentices than anyone else in the building services engineering sector. Provision includes Level 2 and Level 3 apprenticeships which enable young people to become fully qualified electricians, plumbers or heating engineers.

University study may be widely promoted in schools but for some this is not always the best path. If you are more practically minded or keen to get out into the world and start earning a wage, an apprenticeship can offer a fantastic route into a successful and rewarding career.

An apprenticeship is a job with training where you earn a salary while you learn your trade. As an apprentice you will be based with an employer for most of your time while attending a local college for the knowledge part of the programme (this is usually on day-release). You will also have a dedicated Training Officer who will come out to see you in your workplace to monitor and assess your progress.

JTL's apprenticeship programmes can take up to four years depending upon the qualification being studied and can be started at the age of 16. Once fully qualified you could go on to earn an average salary of circa £30k*

*Source: Office of National Statistics – Annual Survey of Hours and Earnings 2019

General entry requirements:

You don't necessarily need to have GCSEs at Grade C / 4 (or Level 2 equivalents) to get started but they will certainly help you to complete your written work if you do. If you don't, however you will be required to complete your Functional Skills Level 2 in English and maths before you complete the programme in order to gain the full qualification.

JTL have their own application process that candidates will need to complete. This can be found by going to our dedicated application site at: application.jtltraining.com/ where you can get started with an online account.

Once you have registered you will be logged in to your new account and taken to the full application page. The application page can be completed at any time, just come back and log in whenever you want to update it. There are maths and English assessments that do not take very long to complete, there is also a colour vision exam that needs to be completed at your local opticians just to make sure that you're not colour blind (not helpful when you are dealing with electricity which even happens with plumbing!).

Once you've taken the tests, all being well, and with all sections completed and passed, you'll receive a telephone call from our Customer Service Team to discuss your application and verify the information you

have provided. Once everything is completed, we can send on your details to an employer, should they request it. You can also apply for any of the apprenticeship vacancies advertised in our site.

Open events:

JTL may be able to visit schools to give talks to pupils about our apprenticeship programmes – if you would like us to visit your school then please contact us.

Lifetime Training

Senior Leader Post 16: **Carl Cornish**

SEN Lead: **Claire Smith**

Children in Care Lead: **Michelle Kent**

Applications for Post 16 should be sent to:

Email: enquiries@lifetimetraining.co.uk

Phone: 0333 014 3669

Follow the link below to view our current Apprenticeship Vacancies:

www.lifetimetraining.co.uk/apprenticeship-vacancies

Established in 1995, Lifetime's founding principle was to support individuals and businesses to perform better by delivering outstanding training programmes. Quality is central to our business ethos and we work hard to achieve great results for our learners. Our efforts are acknowledged through our Ofsted Grade 2 and Training Quality Standard awards. Our above national-average learner completion and success rates have led to the development of long-standing relationships with employers and learners alike.

We are lucky to work with some of the best brands in a variety of sectors including Tesco, McDonald's, Brighter Horizons, Cancer Research UK, Four Seasons, Mitchells & Butlers, Places for People and Muller's. We offer Apprenticeships and self-funded training courses between Levels 2 – 5 across the following sectors:

- Fitness and Active Leisure
- Beauty
- Hospitality
- Health and Social Care
- Retail

- Business and Admin
- Early Years

Lifetime will guide you through every stage of your Apprenticeship. From applying for a vacancy on Lifetime's career's website to completing your apprenticeship journey, Lifetime's Regional Trainer's and Learning Support Teams will support you every step of the way. To date we have had 7,000 learners progress onto a higher level Apprenticeship and 82% of our learners believed their Apprenticeship helped their career.

General entry requirements:

Entry requirements vary depending on the level of Apprenticeship, vocational area and employer requirements. For more information give us a call on 0333 014 3669 or visit our website:

Mencap Traineeships

Senior Leader Post 16: **Nicki Hempstead**

SEN Lead: **Nicki Hempstead**

Children in Care Lead: **Nicki Hempstead**

Applications for Post 16 should be sent to:

Nicki Hempstead

Email: Nicki.hempstead@mencap.org.uk

Website:

www.mencap.org.uk/traineeships

Phone: 07966261365

Traineeship programme

Mencap's 16-week Traineeship programme is aimed at young people aged 19-24 who have a Learning Disability, a Learning Difficulty or Autism. A Traineeship is designed for young people who are motivated to work but may struggle to find employment through traditional recruitment processes.

What will I have to do?

A traineeship is a flexible programme between 6 weeks and 12 months (Mencap's programme is typically 16 weeks).

You will complete a work placement of at least 70 hours in a real workplace.

We will also help you develop your English, maths and ICT skills.

After the programme, we hope the employer will offer you a job but if not, we will help you look for a job or find another programme to help you move on.

Mencap can also provide a job coach to help with learning on the job, and support with other skills such as with travel to work.

Core Content

Work preparation covers key topics related to employability such as communication, professional behaviour, and timekeeping.

Work experience within a traineeship should be a high-quality learning experience tailored to the needs to the individual learner. Mencap will support both the trainee and the employer to ensure that individual needs are met, and the trainee learns on the job in the best possible way for them.

Job coaches are available to support the trainees whilst on their placement. The job coach will work alongside the trainee to help them learn new skills at a pace that suits them.

English, maths and ICT support will reflect the requirements of the job whilst enabling the trainee to move towards qualifications if appropriate.

General entry requirements:

For young people aged 19-24 with a learning disability.

Open events:

Please check on website for latest events.

Motivational Preparation College Training

Senior Leader Post 16: **Martin Hunt**

SEN Lead: **Lisa Gill**

Children in Care Lead: **Richard Erskine**

Enquiries/Applications for Post 16 should be sent to: martinhunt@mpct.co.uk

Website:

mpct.co.uk/military-preparation-college

Phone: 0330 111 3939

General entry requirements:

There are no entry requirements but all persons interested will need to attend an interview.

Open Events

Interviews held every Friday 2-4pm.
Contact Martin Hunt for details.

The Military Preparation College (MPCT) is a unique training college that helps 16-19 year olds develop their fitness, vocational qualifications, employability, numeracy and literacy skills to help prepare for employment, including rewarding careers in the British Armed Forces. Each Military Preparation College forms part of a network of over 40 colleges across England and Wales.

The unique active learning curriculum inspires students to achieve their personal best, with 50% of every day spent learning outdoors or taking part in physical training. The MPC curriculum has been designed to develop our students' physical fitness, essential skills and self-confidence.

The college operates a 'roll on, roll off' joining process with no set deadline by which to apply, allowing new recruits to join on a weekly basis.

MPCT has a 96% progression rate into the military and other civilian progression.

Next Level Training Academy

Senior Leader Post 16: **Kate Sperring**

SEN Lead: **Suzanne Sewell**

Children in Care Lead: **Suzanne Sewell**

Enquiries/Applications for Post 16 should be sent to: **Ellie Stone**

Email: recruitment@nextleveltraining.uk.com

Website: www.nextleveltraining.uk.com

Phone: 01179 221 440

Next Level is the Business Development Group of Reflections Training Academy who are leading training providers in apprenticeships, traineeships, and corporate training.

We can discuss apprenticeships and provide a recruitment service for both employers and apprentices who are looking to gain new technical skills.

We offer the following apprenticeship standards:

- Customer Service Practitioner (Level 2)
- Business Administrator (Level 3)
- Team Leader/Supervisor Level (3)
- Digital Marketer Level (3)

We also offer the following Pre-Apprenticeship called MOTIV8 programmes

Study Programme

16-18, looking to gain employability skills and to study their functional skills in English and/or Maths. The aim is to gain full time apprenticeship or employment after learning the skills.

Traineeship

16-24, looking to gain employability skills and to study their functional skills in English and/or Maths. You can still claim universal credit and the aim is to gain full time apprenticeship or employment after learning the skills

We offer a blended learning approach which encompasses both face-to-face and online learning, dependant on the learner needs. Your programme will encompass mandatory workshops with groups of similar learners, as well as 121's with your tutors where the delivery is more sector specific.

You may also need to attend functional skill workshops in Maths and English alongside your standard.

General entry requirements:

There are no entry requirements as such, just drive and determination!

There are no entry requirements, but all persons interested will need to attend an interview.

Open Events

Check our website for up-to-date information for open days and events.

On Site Bristol

Senior Leader Post 16: **Ian Moore**

SEN Lead: **Ian Moore**

Children in Care Lead: **Ian Moore**

Enquiries/Applications for Post 16 should be sent to: Applicants should apply online.

Email: info@onsitebristol.co.uk

Website: www.onsitebristol.co.uk

Phone: 0117 352 1960

On Site Bristol provides an extensive programme of Construction apprenticeships in partnership with local employers of all sizes.

We offer Level 2 apprenticeships in Bricklaying, Architectural Joinery, Carpentry, Plastering and Painting and Decorating, and Level 3 apprenticeship training in Electrical Installation and Gas Engineering.

All our apprenticeships are industry approved to ensure students gain the knowledge, skills and behaviours needed to enjoy a successful career in the construction industry.

On Site Bristol can support candidates to find employment through our established relationships with employers or by providing information, advice and guidance to candidates which empower them to search for an employer independently.

Every apprentice has a dedicated Training Officer who manages their journey and provides support to them, and their employers, every step of the way.

General entry requirements:

All applicants are required to pass an online assessment and interview before being given a conditional offer. All offers are subject to applicants securing employment by the start of their course.

Open events:

Our open evening will be held in November 2022 – please check our website for updates.

The Park

Senior Leader Post 16: **Louise Hunt**

Education Manager: **David Naish**

SEN Lead: **Vicki Harding**

Children in Care Lead: **Louise Hunt**

Enquiries/Applications for Post 16 should be sent to: **Louise Hunt**

Email: louise.hunt@theparkcentre.org.uk

Website: www.theparkcentre.org.uk

Phone: 0117 903 9770

We are a unique education provision where young people learn in a supportive and nurturing environment. Our classes are purposely small and all learning is very individualised. This enables us to provide the additional support students may need to develop the skills and confidence to make positive progress and gain qualifications.

We will be offering a BTEC Land-based Studies Level 1 so that learners can experience Animal Care in a small supportive setting before deciding on their next steps. All learners also complete either English and Maths Functional Skills or GCSE resits.

Our Towards Independence courses are specifically for young people with special educational needs. The course is delivered according to their EHCP outcomes and needs and the learners get the opportunity to study ASDAN units of their choice and Maths and English as well as a wide range of additional activities including travel training and work experience placements.

General entry requirements:

Each learner's needs and abilities to complete the course will be looked at on an individual basis and we strive to be as inclusive as possible.

Open events:

Please check on the website for open event dates.

The Prince's Trust

Enquiries/Applications for Post 16 should be sent to: enquiries.SW@princes-trust.org.uk

Website: www.princes-trust.org.uk

Phone: 0800 842 842

Phone: 0117 422 4000

At Professional Apprenticeships we pride ourselves on working with the best employers who want to invest in the talent of the future through hiring apprentices and offering genuine carer progression opportunities.

Those who apply to Professional Apprenticeships can expect the following support:

- CV guidance
- Advice and Guidance on different apprenticeship pathways
- Interview preparation
- Regular updates on suitable apprenticeship vacancies that match your skill set

We offer apprenticeships in;

- Digital Marketing – Advanced Level 3
- Business Administration - Advanced Level 3
- Customer Service – Intermediate Level 2
- IT - Advanced Level 3
- Assistant Project Manager – Higher Level 4
- Management - Advanced Level 3 – Higher Level 5

We offer a blended approach to how we deliver our apprenticeships, with our head office in Hengrove, Bristol where we have classroom facilities you can choose to come in face-to-face or online via Teams.

Depending on the apprenticeship you start, this will dictate how often you have a classroom/online led session. However, you can expect to see your tutor at least once a month.

Our apprenticeships operate all year round, meaning you don't have to wait until September to start!

We are an inclusive training provider and will support all learners to achieve.

General entry requirements:

GCSE's Maths and English at grade C/4 +. However, applications from those with grade D/3 will be considered where we can determine their current working level through completion of initial assessment.

Open events:

At Professional Apprenticeships we don't have fixed open days, we are reactive to the needs of both prospective apprentices and employers putting on face-to-face and online events such as:

CV workshops

Email: peter.mcmahon@qa.com

Website: www.qa.com/learners/become-an-apprentice/apprenticeships-vacancies/

Phone: 0117 440 7066

QA offer tech ,digital and business apprenticeship programmes ranging from Level 3 to Masters level 7. These topics include Networking, Software, Cyber Security, Data Analysis, Business Analysis, and Digital Marketing. We also offer Degree and Masters Management programmes.

QA have designated SEND provision and a team of Specialist Learning Consultants. The role is to provide 121 support to learners who disclose a Learning Difficulty, Disability or Health need.

All LDD/SEND learners are assessed and an individualised support plan created. Support is mapped to the learner's individual needs to overcome barriers to learning.

QA adhere to the SEND Code of Practice and engage with the Local Offer.

QA's SEND provision ensures that reasonable adjustments are in place to support learners to achieve and reach their full potential. Please check our website for the range of programmes on offer.

General entry requirements:

Level 3 = Minimum 3-5 GCSE's
(A-C or equivalent)

Level 4 = Level 3 qualification or A-Level

Phone: 0117 922 1440

Reflections Training Academy offer a range work based apprenticeship programmes, quality study programme and traineeships from our nationality recognised Hairdressing and Barbering programmes. All within our state of the art facility in the heart of Bristol.

Apprenticeships

We have a team of inspirational tutors teaching at the academy with a passion for Hairdressing and Barbering, holding a strong reputation within the industry and with continued national learner success and achievements.

We are currently working with over 130 employers within a wide catchment area which includes Bristol, Bath and Gloucester, offering our learners an employment opportunity and work experience in the environment that they wish to become a part of.

Reflections offer a range of high-quality study programmes and traineeships for 16-18yr olds that are a bridge for young people that want to start a career via an Apprenticeship.

Traineeship

Is for any young people that need developing confidence in the workplace.

Learners will start on the programme with the main element of the course being work experience. Any additional support with Math's and English will also be addressed and developed throughout the programme. Learners on a traineeship programme will secure a successful outcome of employment or an apprenticeship within 6 months of the start of the programme.

Study Programme

Reflections also offer a 26-week pre-apprenticeship Study programme alongside traineeship courses with the core aim of level 2 Employability, Maths and English, vocational skills inclusive of work experience in a range of vocational areas. During the course, learners have the opportunity to review progression and options with a robust signposting process to ensure achievement and next step goals are met.

Our Academy Pre-Apprenticeship programmes bridge the gap for young people securing employment or offering next step opportunities building, confidence, skills and qualifications.

General entry requirements:

All learners have the opportunity to succeed with no minimum entry requirements and offer support and guidance if required. All you need is an interest in the world of hair and the enthusiasm to learn.

Open events:

28th October 2022

17th February 2023

14th April 2023

2nd June 2023

Email: info@theswac.org.uk

Website: www.theswac.org.uk

Phone: 01452 733 962

At the Southwest Apprenticeship Company, we help businesses to expand their talent pool and grow their business by providing unique apprentice employment solutions. We realise that not every company is the same, so our solutions are tailored to suit individual needs.

We are specialists in apprentice recruitment and employment, we manage every aspect of the apprenticeship; the apprentices are employed by SWAC and placed with 'Host Organisations' for the duration of the apprenticeship because we understand the market we can provide a tailored solution for your apprenticeship and training needs.

Square Food Foundation

Senior Leader Post 16: **Eloise Morton**

SEN Lead: **Charlotte Fife**

Children in Care Lead: **Charlotte Fife**
charlotte@squarefoodfoundation.co.uk

Enquiries/Applications for Post 16 should be sent to: **Lucy Kane**

Email: lucy@squarefoodfoundation.co.uk

Website: www.squarefoodfoundation.co.uk/how-to-be-a-chef

Phone: 0117 462 2686

How to be a Chef is a free, accredited programme delivered by Square Food Foundation where young people work towards a Level 2 BTEC qualification, and we help them to find employment or opportunities for progression to further catering related learning at the end of the course.

We encourage young people with SEN to apply and are used to supporting them through this course. For all courses we accept up to 12 on a course, with 2 teachers and 2 or 3 kitchen assistants supporting.

The programme is an inspiring mix of practical cookery as well as workshops with top level chefs and visits to a mix of restaurants, factories, food manufacturers, coffee roasters, bakeries and breweries.

The last course covered:

Knife skills, pasta making, butchery, vegan/veggie cooking, baking, canapes, preserving and pickling, nutrition, food photography, visiting a farm, Italian cookery, barista course, spice factory visit, tapas, Bristol food tour, fish cookery, CV writing, food hygiene, menu costing and a brewery visit.

General entry requirements:

How to be a Chef – 16-24 years, interested in pursuing a career in the food industry. Interested in learning how to cook and about the industry. Entry focuses on your enthusiasm, motivation, and commitment rather than previous qualification/academic success.

The Focus Training Group

Senior Leader Post 16: **Drew Tombs**

SEN Lead: **Michelle Pointer**

Children in Care Lead: **Michelle Pointer**

Enquiries/Applications for Post 16 should be sent to: enquiries@thefocustraininggroup.com

Website: www.thefocustraininggroup.com

Phone: 01454 614 203

Our company ethos

The Focus Training Group is an established group offering quality training to anyone who wishes to improve their skills, qualifications, and future career prospects.

We offer work-based Apprenticeships where you earn a salary whilst working in your chosen profession. The Apprenticeship works with you being based with your employer 4 days per week and attending training 1 day per week, this will be a blended variety of learning containing face to face and online. During your time on the apprenticeship, you will be allocated a Training officer who will help support and guide you through your Apprenticeship monitoring and assessing your progress. Apprenticeships can be started at the age of 16.

Our Approach

Throughout the group we employ specialists from their specific fields of expertise. Many of our staff have worked in the industry and have gained many years of experience, and as a result are able to recognise your needs.

Not only are all our teachers and trainers from industry, but our Management (up to MD level) team are too and all hold qualifications in either Teaching/Assessing/Internal Quality Assurance, or their specialised area of Administration/Finance or Management.

All our nationally certificated work is quality assured by the best awarding bodies for your industry, be that City & Guilds, EAL, NICEIC, NOCN, BPEC, Lantra, Highfield, ICQ or Pearson.

City & Guilds, EAL, NICEIC, NOCN

General entry requirements:

General entry requirements is GCSE grades C/4 or other level 2 equivalents. Functional skills will be offered during the Apprenticeship to help upskill English, Maths and ICT if required.

Focus Training run an assessment day prior to any Apprenticeship starting and all candidates will be required to complete this, please register your interest via our website at: www.thefocustraininggroup.com/contact

Once you have registered an interest in an Apprenticeship you will be invited to attend an assessment day with one of our Employment Officers to discuss your application and to talk through your options and give Independent Advice and Guidance. Once this is complete your details will be forwarded to the relevant employer

Courses and apprenticeships training from The Focus Training Group:

Website: www.uhbw.nhs.uk

Phone: 0117 34 20143

A clear element to us becoming an 'Employer of Choice' is to home grow our workforce of the future; Apprenticeships support us to do this. At UHBW NHS Foundation Trust we are committed to developing a talented and skilled workforce and actively promote training and development within the organisation. We are absolutely committed to supporting local people through apprenticeship qualifications, as we recognise the huge value that they bring to our organisation.

We see Apprenticeships as an opportunity to support local people of any age to begin and progress on their journey in the NHS, providing them with a career option they might otherwise not have had or have even considered.

We provide a range of apprenticeships to support a huge number of career opportunities in clinical and non-clinical support services with apprenticeships starting at level 2 through to level 7. The benefit of undertaking an Apprenticeship is you can earn whilst you learn, and have no training or tuition fees to pay. In addition, you will gain valuable experience in the workplace. The minimum duration of an apprenticeship is 12 months and varies

in term of duration, depending on the qualification and the individuals existing prior learning and/or work experience.

We offer opportunities to develop your career in lots of different ways once you are an employee of the Trust as well as some apprenticeship opportunities to start your career with us. Apprenticeships and career pathways include:

- Business Administration
- Customer Service
- Pharmacy
- Leadership & Management
- Nursing
- Healthcare Support and Senior Healthcare Support
- Information Technology
- Healthcare Science
- Facilities Management

General entry requirements:

Entry requirements will depend on the type and level of apprenticeship you are undertaking.

For example, you may need four or five GCSEs at grades 9-4/A-C or equivalent to do an Advanced Level Apprenticeship. To start a higher apprenticeship you're likely to need A-levels, equivalent level 3 qualifications or relevant and sufficient experience

Open events:

Events will be advertised in due time throughout the year please check on our website.

Youth Education Service
